

LOWREY

Allen organs®

Bob Ashworth is a fabulously smooth performer with an impressive tenure of over 25 years in the music products industry. Bob has combined his substantial musical talent with degrees in liberal arts, marketing, and business administration and has always demonstrated a superior affinity for the home organ. As one of Lowrey's Regional Sales Managers, Bob spends a great deal of time traveling and promoting the hobby of recreational music making. Whether Bob is leading a workshop or performing a concert, his expertise and passion for music making is unmistakable.

Jonas Nordwall is a virtuoso organist equally skilled in both traditional classical and modern/popular styles of musical performance. He has presented concerts all over the world, and is the organist for the Oregon Symphony Orchestra, with whom he has made numerous recordings. Jonas has also published over twenty-five solo recordings, and is a frequent consultant in the design of both digital and pipe organs throughout the country. He is among the most respected theatre organists in the world, and in 1987 the American Theatre Organ Society named him Organist of the Year.

Traveling with Wayne and Cheryl

Our first 2012 travel activity is the **BRANSON SPECTACULAR** May 7—10 at one of America's premiere resorts, Chateau On The Lake. Visit www.chateauonthelake.com for information. Presented by organists DENNIS AWE and SETH RYE in collaboration with LOWREY Organ Co. this is three days of non-stop organ concerts and workshops by some of America's finest organ talents along with the finest food and accommodations one would expect from a major destination resort. You may find booking information online at www.dennisawe.com and Wayne can help you with air-line reservations at 858-279-9000. Single occupancy is available for only an extra \$100.

The second travel opportunity is closer to home. The 2012 national convention of the American Theatre Organ Society (ATOS) will be held in Los Angeles July 2—8 with one day Thursday, July 5 here in San Diego. You must be a member of ATOS to register for the convention. See www.atos.org for membership information. The program includes a July 4 Fireworks spectacular at Hollywood Bowl with LA Philharmonic and special guest BARRY MANILOW.

Wayne and Cheryl will be participating by providing their own Allen LL-324Q theatre organ for several events as well as in performance with Lyn Larsen and Simon Gledhill at the Allen Organ Extravaganza! Members wishing to attend only the San Diego Day may do so for \$50 per person. Visit www.tossd.org for information.

New Beginning Keyboard Classes: **Time To Be Arranged**
If you are totally new to the keyboard or wish to "start over" this is your class! No experience or musical ability required! See how fun and relaxing playing the keyboard can be! Call to let us know you are interested .

Private lessons are available at Organ Stop at the low in-store rate of \$50 per hour for those who prefer individual instruction or wish to supplement their class time with a monthly or bi-weekly lesson.

Reservations requested for all classes: 858-279-9000 or email: organstopsales@aol.com

News from www.organstop.com

Thanks to the internet marketing efforts of our store manager, George Butterfield, we have truly become "Organ Stop International." We have shipped organs to Australia, Canada, Costa Rica, Germany, Hong Kong and Switzerland and we have received inquiries from many other countries. We also have shipped many organs throughout the US including a large theatre organ that recently went to Alaska. Our latest is a 2 manual, 35 stop Allen installed in a beautiful hillside chapel with live acoustics at the Trinitarians of Mary Convent on Mt. Tabor, Tecate, BC, Mexico.

New Local Church Installations

Recent new Allen installations in San Diego area churches include three manual instruments at St. Gabriel's Catholic Church in Poway, Solana Beach Presbyterian Church, and a two manual instrument at All Hallows Catholic Church atop Mount Soledad in La Jolla. All feature Quantum technology and Vista MIDI. The IV/87 at St. Paul's Cathedral downtown is something to hear! Mini recitals are played by church staff and guest recitalists every Tuesday from 12:30pm-1:00pm.
